SURGEON & SANITARY COMMISSIONER WITH THE GOVT. OF MYSORE ✤ OFFICE OF SENIOR
No. 1519
DATE 22-10-87.
BANGALORE

To,

The Chief Secretary to the
Dewan of Mysore.

Sir,

Not found in the file

With reference to Dewan's order No. 1411-14 of 87 Instant sanctioning the opening of a Local Fund Dispensary at Davanhully I have the honour to bring to your recollection the circumstances mentioned in my D. O. of the 8th September 1887.

The Deputy Commissioner Bangalore District wrote to me previously regarding dispensaries at Davanhully and Nelamungala, and I gave him similar information so far as it concerned his district and told him that I would as soon as possible give him an Hospital Assistant for Davanhully since the building was ready. Notwithstanding this he writes direct to your office ignoring me as head of the Medical Department (subject to the Dewan of Comsor) and gets an order passed sanctioning the opening at once of this dispensary. I need not say that it is a pleasure

as well as a duty to me to meet the requirements of every Deputy Commissioner in the Province, but I very respectfully beg to say that it is painful and more or less humiliating to be ignored in this way.

I am quite sure the Dewan did not mean any thing of that kind, and so I would ask him not to allow Deputy Commissioners or others to do it, and to be so good as to issue an order directing Officers to send ordinary Communications regarding Medical Affairs through my Office to yours.

Similarly, as regards sending an Hospital Assistant to the quarantine Camp at Beruwala - Kalpitiya, the other day, the same Officer writes to me for one which I give him at once, and he at the same time writes to your Office and an order issues therefrom to send one. Surely all this is unnecessary. It is waste of time and labour besides treating me unhandsomely.

The recent posting of four hospital Assistants as Deputy Inspectors of Vaccination to the four districts unprovided with them and the posting of three others to the newly opened dispensaries at Kolakkale, Mullaitivu and Kalawanchikudy leaves me rather short handed, but I will give one for Davanhully as soon as I possibly can, i.e.

~~said~~ when the necessity to keep a few in reserve because of the prevalence of Cholera here and there cases.

The Dewan is desirous of opening new dispensaries and that being so, I request his sanction to entertain five more hospital apprentices if I can get them. The necessary funds are in the Budget. –

I have the honor to be,

Sir,

Your most obed[t] servant

The Inspector recommends that in Shimoga the number be increased by 3 additional in order to enable him to depute a Hospital Assistant to each taluq to vaccinate & to relieve the Hospital Assistants in the Head Quarters of their duties but in connection with the Inspection of the Dt. Hospitals recently organized in consequence of the unhealthy nature of the climate. The Dewan sanctions this increase in the strength, there will be four unclassified.

Office No: 1519 of the 22 Ultimo it might be better if the Dewan will sanction the entertainment of twelve, if good ones can be got, as there is more than that number of new Local Fund dispensaries to be opened as they can only be procured gradually and they have to serve a probationary term before they are fit for independent charges.
